

please consider becoming
a member of

Pillars of Health

You are invited to join a group
of individuals helping to
continue the provision of quality
healthcare for our region.

Sharing the Solution

The members of **Pillars of Health** serve as an important part of the overall solution. Together they support the White County Medical Foundation in providing funds not otherwise available to White County Medical Center, making possible significant and exciting health and wellness improvements in our community.

Pillars of Health members contribute \$100 or more annually to the White County Medical Foundation. These funds are directed by the White County Medical Foundation Board and Development Council to support projects and programs in the effort to enhance healthcare in our community.

Pillars of Health is one of several fundraising activities organized by the Annual Gifts Committee of the White County Medical Foundation.

PILLARS OF HEALTH
WHITE COUNTY MEDICAL FOUNDATION

My Hospital

White County Medical Foundation is a not-for-profit corporation established as a charitable organization to provide support to White County Medical Center. The Foundation is committed not only to medical excellence and compassionate care but also to improving the overall health of the entire White County Medical Center service area.

Gifts to the White County Medical Foundation provide WCMC with funds for renovations, state-of-the-art equipment and specialized projects to enhance patient care. Resources for the Foundation are obtained from donations, memorial gifts, planned gifts, special events and other sources. The White County Medical Foundation works to develop a lasting partnership with the community to preserve, sustain and develop White County Medical Center for years to come.

Sharing The Solution

you're invited to be part of

An Exciting Future

White County Medical Center has a combined total of 438 licensed beds. The hospital's services include acute care, rehabilitation, adult and geriatric psychiatry. Offering advanced technology, the hospital has state-of-the-art equipment, including an open MRI and a 64-slice CT. The medical staff consists of over 150 physicians representing a wide variety of specialties. White County Medical Center is the second-largest employer in Searcy, with over 1400 associates living, working and raising families in Searcy and the surrounding communities. The hospital serves a six-county area of White, Woodruff, Prairie, Cleburne, Jackson, and Lonoke.

A SPECIAL MISSION

White County Medical Center associates and partners through a spirit of servanthood are committed to the continuous improvement of quality patient care, the provision of highly satisfied patient care at reasonable prices, the maintenance of an adequate margin for reinvestment in new technology, facility improvements, human resources, and a leadership role for positive change in the healthcare environment.
